

Shed:

Attached is the request form. Fill this out and return to me along with supporting documents.

Supporting docs are:

1. Pic of the shed
2. Simple sketch showing a square representing the house, two lines representing the driveway as a point of reference, and then a smaller square representing the desired shed location.

Fence:

Attached is the request form. Fill this out and return to me along with supporting documents.

Supporting docs are:

1. Pic of the type of fence desired
2. Simple sketch showing a square representing the house, two lines representing the driveway as a point of reference, and then lines representing the fence to show where the fence will meet the house.

Pool:

Attached is the request form. Fill this out and return to me along with supporting documents.

Supporting docs are:

1. Statement that pool will be an In Ground Pool
2. Simple sketch showing a square representing the house, two lines representing the driveway as a point of reference, and then the desired location of the pool.
3. On the sketch put an "X" marks the spot for where the pool equipment such as pump and filter will be located. (Pool equipment must be screened from view)
4. If the pool equipment will not be located inside of an already privacy fenced yard, please provide an image of what the pool equipment screen will look like.

Concrete additions:

Attached is the request form. Fill this out and return to me along with supporting documents.

Supporting docs are:

1. Simple sketch showing a square representing the house, two lines representing the driveway as a point of reference, and then lines showing where the new concrete will be poured.
2. In the sketch include the dimensions of the new concrete desired

#### Additions/Patio Covers:

Attached is the request form. Fill this out and return to me along with supporting documents.

#### Supporting docs are:

1. Elevation drawings showing what the project will look like once completed.
2. Current picture of the house where this project will take place.
3. Simple sketch showing a square representing the house, two lines representing the driveway as a point of reference, and then a smaller square representing the desired location of the addition to include dimensions (width, length and height)

#### Exterior Painting:

Attached is the request form. Fill this out and return it to me along with supporting documents.

#### Supporting docs are:

1. Current picture of the exterior of the home
2. Color swatches showing the colors desired
3. Please note which color is for which part of the home such as.. Siding, Trim, Shutters, Door, etc....
